Post Form Countertops

Crescent

A high quality profile countertop edged with a 90 degree radius on its front edge, Crescent is one of our most popular post form countertop designs and can be easily installed in today's economical homes.

Pluto

A very durable countertop, finished with a 90 degree front edge. The raised front edge with an additional, no-drip bump conveniently prevents spillage. Pluto is made with water resistant plywood that will protect your countertop for years to come.

Self Edge Countertops

Available Countertop Colors

204-58 / BUTCHER BLOCK MAPLE

END CAP	4.25
FIELD JOINT CHARGE	42.00
FIELD JOINT ATTACH	25.25
SET UP FEE	170.50
CUT DOWN DEPTH OF TOP	57.50

CAN AND CANNOT DO:

- Maximum length for a post form top is 144" / minimum charge per top is 36".
- L-shaped tops need to be mitered at the corners and can be assembled on the job-site with boltsand caulk (supplied).
Although we do assemble miters in house for a charge, (one leg cannot be longer than 84"), our shop's assembled miters may not be 100% perfect due to shifting in transit, therefore we do recommend job-site assembly.
- When figuring out your post-form top, round it up to the next foot.
- Example: 42" top = 4' 48-1/4" = 4' charge and 48-1/2" = 5' charge
- Lead time is 24-48 hours, orders above 12 pieces are a 7 business day lead time.
- NOTE: Miter and other specialty work, adds 2 extra working days to the lead time.

Counter top price includes one sink cut out, one miter cut (not assembled) and all end caps.

Crating charge will apply for shipping outside of South Plainfield area.

Custom Self Edge Countertops are manufactured in our own facility which gives us more flexibility in customizing your countertop. We can manufacture this countertop according to your specifications and drawing. (for what's available see countertop options)

1. When figuring out your custom countertop, calculate each piece individually. When you have an L-shaped counter top, the two legs must be figured out separately. Use the back of the counter top as your footage reference. Always round off to the next foot, then add on your special options. Two orders can not be combined for footage calculation.
2. Low Back Splash Counter Tops: the back splash will be top mounted (attached on top of deck). All back splashes will be shipped attached, unless specified otherwise. High Back Splash Countertops: all high back splash countertops will be shipped loose only. The deck will be pre drilled to indicate where the back splash should be installed, unless specified otherwise.
3. If the countertop is larger than 5ft. x 12ft. a laminate seam is required. Please specify where you prefer the seam. There is an extra charge for a laminate seam.
4. On custom self edge countertops there is a 4ft. minimum charge per order (not per top). For large size laminate, a material surcharge will be applied.
5. Regular lead time on our stock colors is 5-7 working days from sign off.
6. Beveled Edge or any other front edge treatment: since the footage of the front edge may not always be the same as the footage of the countertop, you must figure the footage for edge treatment separately. Beveled edge treatment requires a 12ft. minimum charge, for special colors there may be a material surcharge.
